bill de Blasio mayor stacey cumberbatch commissioner the city of new york department of citywide administrative services application unit 1 centre street, 14th floor new york, ny 10007

TH NEW YORK, NY 10007

Throughout ancient and medieval history, most of the architectural design and construction was carried out by artisans—such as stone masons and carpenters, rising to the role of master builder. Until modern times, there was no clear distinction between architect and engineer. In Europe, the titles architect and engineer were primarily geographical variations that referred to the same person ...
