Partner Technique. The following technique is a variation of the Christos technique originally developed by G. M. Glaskin, an Australian journalist.

Out-of-Body Exploration Methods - Astral projection

Astral projection is a paranormal interpretation of out-of-body experiences that assumes the existence of one or more non-physical planes of existence and an associated body beyond the physical. Commonly such planes are called astral, etheric, or spiritual. Astral projection is often experienced as the spirit or astral body leaving the physical body to travel in the spirit world or astral plane.

Mike, your comments are very clear to me and I believe you're on the right track with your questions and speculation. My current thoughts are that this reality is rapidly approaching something with steep challenges that we don't necessarily recognize (yet), and to those with more insights than the public generally have reality-shifting (some variation of it) looks like the best Plan B.
