bible archaeology an exploration pdf

Biblical archaeology involves the recovery and scientific investigation of the material remains of past cultures that can illuminate the periods and descriptions in the Bible, be they from the Old Testament or from the New Testament, as well as the history and cosmogony of the Judeo-Christian religions. The principal location of interest is what is known in the relevant religions as the Holy ...

"The point of this discussion is to highlight the fact that from the beginning the emphasis of the Christian doctrine of creation, following the emphasis of the Bible, has been on the relationship between God and the world. Questions about how or when God created the world have been secondary issues. When the early theologians came up with the formula that "God created the world out of ...
