and there are numerous books on the subject for the curious. These cards show 52 of the modern 88 constellations as designated by the International Astronomical Union.

GUIDE TO THE CONSTELLATIONS

The constellation system that we have today came from the ancient Greeks. The stories, legends and reasons why they came to be in the sky originated the very first moment that man walked this Earth.

Legends Night Sky Orion - Spitz Incorporated

The constellation Auriga is mentioned in two ancient stories. The first, relating to a charioteer, is that of Auriga, the crippled son of Vulcan and Minerva, who invented a four-horse chariot in order to get himself around. This became such an important invention that Zeus placed the first chariot into the skies with the other constellations.

Constellation Legends - Tulare County Education Office

Anthony Marra's first novel, • A Constellation of Vital Phenomena,• is a flash in the heavens that makes you look up and believe in miracles. Go ahead and sneer at the thin atmosphere of America's MFA programs, but this Washington-born graduate of the Iowa Writers' Workshop is a testament to the vibrancy of contemporary fiction.

A Constellation of Vital Phenomena by Anthony Marra

(from Constellations for Every Kid by Janice VanCleave) 1. Look at the picture. In what constellation would you see the Sun? 2. Look at the picture. In what constellation would you see the Sun? 3. Look carefully at the picture. a. In what constellation would you see the Sun if it were in Position D? b.

Name Constellations Workbook
