What nicer thing can you do for somebody than make them breakfast? Anthony Bourdain. Weâ€™re going to spend the rest of this book illuminating every dark and sundry corner of the Lox language, but it seems cruel to have you immediately start grinding out code for the interpreter without at least a glimpse of what weâ€™re going to end up with.

Magic Items and Detect Magic. When detect magic identifies a magic itemâ€™s school of magic, this information refers to the school of the spell placed within the potion, scroll, or wand, or the prerequisite given for the item. The description of each item provides its aura strength and the school to which it belongs. If more than one spell is given as a prerequisite, use the highest-level spell.
