### **THE THE DESCENT OF MAN, AND - Stephen Walker**

In The Descent of Man, Darwin addresses the crucial question of the origins, evolution and racial divergence of mankind, that he had deliberately left out of On the Origin of Species. And the evidence he presents forces us to question what it is that makes us uniquely human.

### **Descent of Man By Charles Darwin, Free ebook | Global Grey**

The book, in its first edition, contains two parts, the descent of man itself, and selection in relation to sex. The word 'evolution' occurs, for the first time in any of Darwin's works, on page 2 of the first volume of the first edition, that is to say before its appearance in the sixth edition of The origin of species in the following year.
