

the human nervous system pdf

The nervous system of vertebrates (including humans) is divided into the central nervous system (CNS) and the peripheral nervous system (PNS).. The (CNS) is the major division, and consists of the brain and the spinal cord. The spinal canal contains the spinal cord, while the cranial cavity contains the brain. The CNS is enclosed and protected by the meninges, a three-layered system of ...

Nervous system - Wikipedia

The autonomic nervous system (ANS), formerly the vegetative nervous system, is a division of the peripheral nervous system that supplies smooth muscle and glands, and thus influences the function of internal organs. The autonomic nervous system is a control system that acts largely unconsciously and regulates bodily functions such as the heart rate, digestion, respiratory rate, pupillary ...

Autonomic nervous system - Wikipedia

Components of the Nervous System 45 peripheral part includes the nerves through which the central nervous system interacts with the rest of the body. "Nerve" is a familiar word and is used in various ways in ordin-

The Nervous System 3 - Wiley-Blackwell

±-syn pathology was induced in the enteric nervous system of both rodents and non-human primates. Enteric ±-syn pathology correlates with decreased gastrointestinal motility.

Induction of alpha-synuclein pathology in the enteric

The nervous system is a complex network of nerves and cells that carry messages to and from the brain and spinal cord to various parts of the body.
